

The Elixir of Beauty: Turkish Cosmetics and Personal Care Products

Turkish Cosmetics and Personal Care Products

Parallel with the increase in living standards, the wish to keep a young and attractive appearance, the increasing number of working women and the young population of the country has led to the development of the cosmetics sector in Türkiye. Given the dynamic youth population, numerous multinational cosmetic and personal care giants are engaged in manufacturing and marketing facilities in Türkiye, in addition to a large number of strong domestic actors. As a result, the industry thrives even more with every day, appealing to not only the domestic market, but an international audience as well.
